

AMAR SINGH

Pune, India | amar.singh@email.com | +91-9765432100

SUMMARY

Data Scientist with 3 years in traditional ML and recent exposure to LLMs. Strong in model training and evaluation; exploring LLM engineering.

EXPERIENCE

Data Scientist | Persistent Systems, Pune | 2021 – Present

- Built classification and regression models using scikit-learn, XGBoost
- Experimented with BERT and fine-tuning for text tasks
- Recently built a simple RAG prototype using LangChain + OpenAI
- Used MLflow for experiment tracking

Junior Data Scientist | Accenture, Pune | 2020 – 2021

- EDA, feature engineering, and ML model development
- SQL-based reporting and dashboards

SKILLS

ML: scikit-learn, XGBoost, TensorFlow, PyTorch

NLP: BERT (basic fine-tuning), spaCy, NLTK

LLMs: OpenAI API (basic), LangChain (learning)

MLOps: MLflow, Jupyter

Languages: Python, SQL

EDUCATION

M.Sc, Data Science | Pune University | 2020
