

NEHA GUPTA

Delhi, India | neha.gupta@email.com | +91-9811223344

SUMMARY

NLP Researcher transitioning to industry AI engineering. Strong academic background in transformers and language models. Limited production deployment experience.

EXPERIENCE

NLP Research Engineer | Microsoft Research India | 2022 – Present

- Published 2 papers on efficient transformer architectures
- Fine-tuned LLMs (GPT-2, T5, LLaMA) for academic tasks
- Built text classification and NER systems
- Limited production deployment experience

Research Assistant | IIT Delhi | 2020 – 2022

- Worked on question-answering systems using BERT
- Implemented seq2seq models for summarization

SKILLS

Research: Transformers, Attention mechanisms, Fine-tuning

Frameworks: HuggingFace, PyTorch, TensorFlow

LLMs: LLaMA, T5, GPT-2 (research fine-tuning)

Limited: LangChain, vector DBs, production RAG

Languages: Python, R

EDUCATION

M.Tech, AI | IIT Delhi | 2022
