

PREETI JAIN

Mumbai, India | preeti.jain@email.com | +91-9820001234

SUMMARY

Salesforce Developer with 3 years building custom CRM solutions. Some parallels with ServiceNow in platform development but different ecosystem.

EXPERIENCE

Salesforce Developer | Capgemini, Mumbai | 2021 – Present

- Developed Salesforce Apex classes, triggers, and LWC components
- Built Salesforce workflows, process builder flows, and approval processes
- REST API integrations between Salesforce and external systems
- Platform administration: profiles, roles, permission sets

Junior Salesforce Developer | Persistent, Mumbai | 2020 – 2021

- Configured standard Salesforce modules (Sales Cloud, Service Cloud)
- Created reports, dashboards, and data validation rules

SKILLS

Salesforce: Apex, LWC, Flows, REST API integration, Admin

JavaScript (strong - transferable to ServiceNow scripting)

REST API integration experience

No ServiceNow experience; ITIL concepts unfamiliar

EDUCATION

B.Tech, CS | Mumbai University | 2020

Salesforce Certified Administrator, Platform Developer I
